PURPOSE OF LIFE – IS IT ONLY HAPPINESS OR USEFULNESS?

For the longest time it was thought that there was just one purpose of life and that was **to be HAPPY. Right?** Why else would one want to go through all the agony, discomfort and hardship? It is to achieve that contentedness and happiness. Happiness is not a goal in itself. Infact, it is merely a by-product of usefulness. Life is meant for practicing benevolence and to constantly try to bridge that gap from Happiness to Usefulness. There could be several ways and means in which this gap could be filled.

For instance one could be privileged, educated and have the fortune of purse, providing financial aid to a less fortunate towards their education and helping them to become independent and self- sufficient would surely bridge the gap from mere happiness to true usefulness of life ultimately contributing to inner happiness. We strive hard and do everything to chase happiness.

- **we buy something and we think that it makes us happy**
- **we hook up with people and think that's what happiness is all about**
- **we get a well-paying job which we at times don't like but still think that it will make us happy**
- **we go on a holiday and are delighted but at the end of the day we still ponder whether it is that what our goal in life is all about? and if not what's next in this endless pursuit of happiness?**

Furthermore, Blood Donation is one other selfless act that helps save lives. If you are healthy and hearty, by donating blood, you are donating an irreplaceable gift and it feels absolutely immaculate knowing that you are helping to save lives. Likewise, feeding food to the hungry, clothing the needy and many so would make a useful purpose in one's life to another.

Anjuman-E-Abdullah (Khambat) Trust and it's trustees are committed and devoted in this noble cause of boosting and elevating the deprived and less privileged natives of Khambat, our Watan, **and in this pursuit help us bridge the gap between "Happiness" to "Usefulness".**

AN APPEAL

Contributions in any form towards the causes of the less fortunate is one of the ways of thanking The Almighty for the fortunes bestowed upon the more fortunate. The Anjuman-E-Abdullah Khambat Trust is committed with a vision to positively impact the lives of the under privileged by providing free food grains and essentials, subsidised or free medical facilities and scholarships for education. The Trust solely depends on donations received from its generous Donors as its only source for taking its socially centric objectives forward.

Hence, an Appeal to Dear People to donate whole heartedly and make a difference in lives of others who require your support to achieve their basic needs and dreams. May The Almighty bestow His choicest blessings upon you our Donors for your noble deeds!!

Anjuman-E-Abdullah (Khambat) Trust accepts donations preferably in cheques or bank transfer.

We earnestly urge all Khambhatis to come forward & feel the goodness by donating. 'Sharing is Caring'.

You can do so for :

- 1) Children's education – as Scholarship Fund

Letter of appreciation to Anjuman-E-Abdullah (Khambhat) Trust

To,
Trustees,
Anjuman-E-Abdullah (Khambhat) Trust,
Respected trustees,

I am grateful to the Anjuman-E-Abdullah (Khambhat) Trust, its Trustees and its donors for giving me the scholarship for the last 3 years that supported my education.

I know that the Trust relies on voluntary donations from generous donors who contribute to the noble causes of the trust, such as the scholarship program. I feel indebted to the Trust and its Donors.

With the pandemic affecting my father's income, it was very hard for him to pay my engineering college fees. But with the trust's support and encouragement, I was able to complete my degree in mechanical engineering. I sincerely thank the trust for their constant support.

With the trust's help, I started two successful start-ups: We-Moove in assistive technology and Blockwee in Web 3.0 marketing. I have won more than 75+ national and international awards from prestigious institutions for my work. I thank all the members of the trust and their donors who played a key role in my success.

I promise to donate to the Trust as soon as I start earning so that my donation can help other students in need. I also request everyone to donate to this noble cause that can change lives of students like me and achieve the blessings and happiness of Aqa Maula TUS while following his vision of providing the best education to every mumeneem.

Thanking You,

Sd/-

A proud Khambati

Subject:- Gratitude to Scholarship Programme

Dear Anjuman-e-Abdullah Trust,

I hope this letter finds you in good health and high spirits. I am writing to express my sincere gratitude for the invaluable support you have extended to my family over the past 2/3 years through your generous scholarship program.

Your unwavering assistance has significantly alleviated the financial burden of my siblings' Graduation and High School fees. This assistance has not only facilitated their educational journey but has also allowed them to pursue their dreams with renewed vigor and determination. Your trust's commitment to education is truly commendable and has made a profound impact on our lives.

Believing wholeheartedly in your Trust's mission, I am inspired by the positive change you bring to the lives of countless individuals. I am a living testament to the transformative power of your efforts and the opportunities you provide. It is my heartfelt desire to ensure that others are also afforded the same opportunities that have been bestowed upon us.

Looking ahead, I am resolute in my determination to become an integral part of Anjuman-e-Abdullah Trust. I aspire to contribute to your noble cause in any capacity possible, be it through volunteering, mentoring, or supporting the trust financially. Your values resonate deeply with me, and I am eager to align myself with your mission to create a brighter future for the generations to come.

Once again, I extend my heartfelt thanks to you for your unwavering support and for believing in the potential of students like us. Your generosity has not only eased our financial burdens but has also ignited a sense of responsibility within me to give back to the community that has uplifted us.

With warm regards and utmost appreciation,

Zainab M.

We successfully organized a Blood Donation camp through by Bombay Hospital in collaboration with **Meghashrey Foundation**.

The Blood Camp started at 9am, with team of doctors and technicians from **Bombay Hospital**.

Donors were checked for Blood Pressure and Diabetes and then guided to the collection beds. During the process, all participants were monitored by doctors, which gave new donors a confidence boost.

To replenish the donors energy sandwiches, biscuits and tea/coffee was served.

It was so heartening to see people **of all age & from all walks of life** coming and donating blood.

We had 50 plus donors for blood donation and it exceeded our expected count. The donors were so many that the collection of blood went well over the allotted time.

All donors were issued certificates to mark their noble act of donation and to commemorate this event.

We at Anjuman E Abdullah Khambat Trust (AEAKT) would like to thank all the donors who took out time from their busy schedule and made our event a big success.

“The greatest gift we can give our family is a healthy Us”!

To bring this statement in reality, we organized a multi-speciality Medical Camp, under the able guidance of our President Dr. Mustafabhai Parekh. The Medical Camp was a new experience for all of us at Anjuman E Abdullah Khambat Trust.

We had preregistered all those interested and divided them into batches accordingly to time slots.

With the Dua Mubarak of our **Moula Syedna Aaliqadr Mufaddal Saifuddin (TUS)**, and all your active participation, the Medical Camp was a success.

We had an excellent team of doctors who gave consultation for Eyes, Dental, Paediatric, Obstetric / Gynaecologist, Orthopaedic / Physiotherapy and also had General Physician and Dietician.

Below are the doctors who took time out for this selfless service.

Dr Mustafa Parekh – Ophthalmologist Surgeon	Dr Mariyam Diwan - Dentist
Dr Rashida Bapai – Obst and Gynaec	Dr Adnan Chattriwala – Dentist
Dr Mustafa Bapai – Physician	Dr Munira Khambaty – Paediatrician
Dr Mariya Maksood – Physician	Dr Fatema Khambaty – Physiotherapy
Dr Eliza Kapadia – Physician	Dr Yusuf Meeyajiwalwa – Orthodontist
Dr Zahra M.Parekh – Physician	Dr Burhanuddin Khambati – Oral & Maxillofacial Surgeon
Dr Murtaza Gandhi – Physician	Ms Sakina Diwan – Dietician
Dr Farida Khambata - Dentist	Ms Ifrah Ansari - Optometrist
Dr Nishreen M.Parekh – Dentist	Ms Shabnam Kagalwala - Optometrist
Dr Alefiya Badar Khambaty– Dentist	

Our heartfelt thanks and appreciation for their support and dedication which made the camp a successful endeavour.

Our camp began at 9am.

The registered participants were allotted token numbers for ease of management and to not over crowd the doctors tables.

Our team of volunteers worked tirelessly for a smooth functioning of the event.

The medical camp was open to all people.

They were seen going from one doctor to another, a boon for many, as all speciality doctors were under one roof. Our volunteers guided them ably.

The camp helped people to have friendly health related **chat with various doctors, identify their pain** areas and get solutions for the same.

It was a well-received camp with over 125 participants. A truly gratifying moment.

Once again, a big Thank You to all the eminent Doctors and to all our volunteers for their support.

All the participating doctors, medical staff, Bombay Hospital blood donation team were felicitated with certificate and citation from MeghaShrey Foundation and Anjuman -E Abdullah Khambat Trust, at the hands of Aamil Saheb and MeghaShrey chairperson, Ms. Seema Singh.

Ms. Seema Singh, a well known philanthropist and woman influencer very actively participated in the medical camp and encouraged everyone to take good care of their physical, mental and emotional health.

We thank her very much for gracing the event and her support to our Trust.

Project 5 – Rida Collection Drive at Zaini Masjid Hall.

Date - 11th Sept. 2022, (15th Safar 1444 H.)

Fatemi Group of Khambhat, is a non-profit organization run by a group of ladies from Khambhat, Gujarat. They upcycle old Ridas and design clothes for children from them and donate to the needy.

Anjuman E Abdullah Khambhat Trust invited them for the Urs function to showcase their creation and spread **the message of reduce waste, upcycle existing unwanted clothes** and bring happiness on the faces of those who receive these items. One person's waste is another's treasure..! They came with a variety of their collection.

In order to facilitate collection of Ridas, we conducted a drive asking people to bring and donate their Ridas.

Ladies came forward donating generous amount of fund and Ridas for this noble cause. The Ridas collected are transformed into beautiful dresses and clothes, and then donated to the underprivileged children.

Our Chief Guest, Ms. Seema Singh, envisioned interest and inquired about their work.

Project 8 - Multi Diagnostic Medical Camp Khambhat (28th Jan - 29th Jan, 2023)

“Service is what life is all about” Great acts are made up of small deeds. Anjuman - E - Abdullah Khambhat Trust was a part of one such noble deed of providing free health check up to the locals at Khambhat. Anjuman -E-Abdullah Khambhat Trust with support of Unity Charitable Trust organized a Multi Diagnostic Medical camp at MT High School premises on the **28th January 2023**. The Khambhat Janabsaab, the DCP Bharti ben Pandya and senior personnel from General Hospital graced the occasion with their presence.

The camp was conducted under profound guidance of team of doctors from various specialities like Ophthalmologists, ENT specialists, Gynaecologist, Cardiologists, General Physician, Physiotherapist, Orthopaedic, General surgeon, Diabetologist etc. The Doctors had a joyful experience travelling from Mumbai to Khambhat by road and were put up in the newly renovated Khambhat MusafirKhaana where meals were provided everyday.

A great deal of planning, effort and hard work went into organizing the camp right from finalising the venue for the camp to connecting with the trustees of MT High school for using the school premises, shortlisting some local shops and medical stores which acted as registration booths for the patients preceding the event where they could register for the specialist doctor, collecting, managing patient data so as to have a count on the approximate number of the patients expected in the camp and facilitating a systematic sorting of patients into different specialisations. Prior to the scheduled date of the camp, leaflets and registration cards were prepared in local language and distributed in

Khambhat and the surrounding areas. Local auto rickshaws were also used as a medium of advertisement by affixing the camp leaflets on their back panel in different locations for maximum awareness and participation.

The camp was free for all communities and faiths specially the under-privileged from Khambhat and nearby villages like Kauka, Pisawada, Petlad, Charotar, Undel etc. Volunteers from the Unity Charitable Trust assisted in the registration process where tables were set up at the entrance of the MT High School premise on the **28th and 29th January, 2023**.

A coupon system was followed and coupons were allotted to the patients on the basis of the time and doctor appointment. There was a separate waiting area designed for the patients where they could sit till their turn came for check-up.

Refreshments were arranged at the camp. Freshly made hot Veg Thalís were served to the doctors, nursing staff, volunteers of the Unity Trust. We also appreciate the thoughtful gesture of our **Khambhat Dawoodi Bohra Jamaatkhana** for providing **FMB food Thalís** to our doctors and volunteers for the duration of the camp.

The multi-speciality camp benefited the needy patients totalling nearly 700 and helped in fulfilling the envisioned objective of making healthcare available to everyone without discrimination of caste, creed or religion even at the far-flung areas.

The ophthalmology department also witnessed large number of patients, many of whom were unaware of eye diseases and the available treatments. Many who had no access to medical health care either due to lack of transportation and poverty also benefited from this camp. Free reading glasses were given to 100 children with low vision.

The event received an overwhelming contribution from donors. We appreciate the generous help extended by all our donors especially the Top donors **Esoofally Sulemanji Trust, Malekabhen Kamruddinbhai Khambati, Shabbirbhai Kamruddinbhai Khambati, Shamimben Shabbirbhai Khambati (Canada) and Kureshbhai Hatimbhai Khambati.**

The event received good media coverage too. The team of nurses from R.K. Nursing Paramedical Institute took good care of the patients.

Mementos & certificates were presented to the team of doctors, donors and support team. **Dr. Sakinabhen S. Khambaty** was presented the **Lifetime Award Trophy** for her dedicated service in Khambhat.

We the trustees and members of Anjuman- E- Abdullah Khambhat Trust would like to express our sincere gratitude to our doctors -

Project 10 – “Umoor Sehat” Wellness Program at Jamatkhana Khambhat on 29th Jan. 2023.

As per the kalemaat Nooraniyah of Syedna Aaliqadr Mufaddal Saifuddin (TUS) Moula to refrain from Moharramaat Amal, Khambhat Aamil Saab Ishaak bhaisaab, requested us if the doctors from Saifee Hospital Mumbai could give a talk on the ill effects of the use of tobacco, e-cigarette, alcohol, drugs, etc. They readily agreed.

Dr. Saifeebhai Dohadwala, Dr. Yusufbhai Bagasrawala along with Dr. Mustafabhai Parekh and couple of Trustees visited the function which was held at The Mawaid . Many residents attended to hear even though it was short notice. The Doctors specially, Dr Yusuf Bagasrawala orthopaedic surgeon SH, gave a forceful talk with very useful insights as to the harm-full effects of the new vaping and e-cigarettes on the body and why **we should avoid it at all costs. Youngsters specially are attracted to it and parents should monitor.**

Trustee of Cardiac Care Centre, Khambhat, Shri Milind Shastry along with Nand kishore graced with their presence. Mr Shastry told the gathering that they would help in any required services of Cardiac Care Centre.

Prior to talk by the Mumbai Doctors **Dr. Sakinabhen also volunteered** to talk to the gathering on this topic and explained ill effects of consuming Alcohol, Tobacco in any form , drugs. To overcome & help people to come out of these habits specially youngsters she advised parents not to shout and get angry at these children, but to be loving and patient with them. Have family time, be a good Listener, don't interrupt when they are talking. Listen to the problem that is bothering them, and guide them to finding their own solution.

This was echoed by Dr Yusuf Bagasrawala in his talk too.

Faridabhen Mesiwala, our Anjuman E Abdullah ladies member, who is a Corporate Trainer, REBT Counsellor and a Laughter Yoga expert, shared her knowledge on mental health and stress-free living. She conducted a session on Laughter yoga by which one can stay happy. Started with some clapping exercise as warm up, then deep breathing exercises to relax our mind, followed by laughter exercises for the lungs. Janab Aamil saab and Bhensaab were very enthusiastic & actively participated in the exercises. It was so much fun, with all happy faces around.

There were request from the participants for more of such sessions in the future which if opportunity comes will certainly comply.

Thank you Dr. Sakinabhen, Dr. Yusufbhai, Dr. Saifeebhai for your valuable insights.

Project 12 - 36th FREE EYE CAMP, Khambat - January 2023

FOR IT IS IN GIVING THAT WE RECEIVE

*With the Raza & Dua Mubarak of AQA Maula,
Dr Syedna Abu Jafferus Saadiq Aali Qadar
Mufaddal Saifuddin(TUS),*

Zain Eye Care, Mumbai in association with Lalboo & Tayabally Shaikh Ahmed Shaikh Dawood Charitable Trust, Anjuman-E-Abdullah Khambat Trust, Cambay General Hospital with members of the Rotract Club Mumbai downtown & Beyond Vision successfully carried out a FREE SURGICAL EYE CAMP in Khambat from 25th January to 28th January 2023.

The nearby rural areas of Khambat, i.e., Kauka, Pisawada, Kalamsar, Kansari in the range of 100km & nearby villages were screened for cataract.

We conducted **120 free eye surgeries** including lasers under the expert panel of Doctors- Dr.Mustafa Parekh, Dr Nimesh Jain, Dr Hasnain Shikari & Dr Fatema Shayar and Optometrists- Ifrah Ansari, Murtaza Kachwala & Shabnam Kagalwala.

Last day post-operative patients. Happy & Smiles all around

All underprivileged patients were operated and more than 1000 patients were screened in OPD over a span of 4 days from all different caste & communities.

The **highlight** of the camp was the surgery of a 71 year old lady, Fakranbibi who was wheelchair bound with loss of vision since 5-6 yrs. She had multiple health issues hence no one was willing to operate her. Her only desire was to be able to see her daughter again. Our team undertook this mammoth task in this camp. Post surgery her restoration of vision and meeting her daughter was one of the most emotional moments we have encountered so far.

Fakranbibi with Dr Mustafa Parekh & Team members

We also screened more than 1000 children at M.T.High School. Most kids had got their eyes tested for the first time ever. We distributed spectacles frames to children who required them.

We conducted a post operative follow-up after 4 weeks and distributed glasses to those who required.

Team work makes the dream work

Our team, surgical staff with Late Amil Sahab Isaak BS Nomani & trustees of AAKT

Project 13 – Medical Aid to a needy patient.

Date – 14th June 2023

A young Khambati girl, 20years old, staying in Dholka, was suffering from back pain and hip bone pain for almost half a year. She consulted a few doctors in Khambhat for a few months but the pain didn't subside. They then went to Ahmedabad to show a senior doctor, where she was asked to do an MRI.

The MRI report showed a Bone cyst in her hip bone. The orthopaedic doctor at Ahmedabad, removed the cyst fluid through an injection and gave some medication and asked for an MRI again after a month. The MRI reports again showed cyst with fluid. As per the Dr, the fluid would dry with time and she has to take medicines for the pain. Also, a regular MRI test every month was to be done and to remove the cyst fluid surgically.

The Mother did **araz to Syedna AaliQadr Moula**, and was advised to show Dr. Shakir Kapadia in Mumbai. They came to Mumbai and consulted **Dr. Shakir Kapadia at Saifee Hospital**. Dr.Shakir saw her medical history and advised surgery, as a permanent cure. The intention of the surgery was to remove Bone Cyst and do Bone grafting and the entire cost amounted upto Rs.1.5lac excluding recovery cost.

The mother had lost hope as she didn't have the means and funds to get the surgery done. They went back home disheartened and did **another araz to Syedna AaliQadr Moula in Africa**, wherein raza came for surgery and shifa. So now, surgery was confirmed but the provision of funds was still a question.

She then got in touch with **Anjuman E Abdullah Khambat Trust** and requested help. Her medical file was called for. We decided to help her crowdfund for the surgery.

We reached out to few donors through a crowd-sourcing flash program and the trustees themselves contributed to this surgery. Funds started pouring in and on **14th June 2023** she underwent her surgery. Her case was put up to Saifee Hospital management and they generously discounted her surgery charges by Rs.21,000/-.

A Big Thank You to Saifee Hospital and all the below donors, for their big-hearted gesture but for their support this surgery would perhaps not have been possible.

Sr.	Name of Donor	Amt	Sr.	Name of Donor	Amt
1	Dr.Mustafabhai Parekh	10,000	7	Lamiya Merchant (Khambata)	20,000
2	Dr.Mithi	10,000	8	Abdullah Khambata	10,000
3	Nafisa Shk.Taherbhai Khambata	10,000	9	Rashidaben	3,000
4	Anonymous donor	10,000	10	Shamimbhai Parekh	15,000

6	Moizbhai Khambaty	5,000	12	Anjuman E Abdullah Khambat Trust	27,000

By Allah's grace, the young girl is doing well & the mother is thankful for this support & sent an appreciation letter to the Trust, dated 18th June 2023.

A Trek most Incredible - Journey to the Heavens Almost !

The Prettiest Grassland Trek in Himachal – The Bhrigu Lake Trek

We love to travel and explore new places, take long walks and move around like a local. Inspired by a Dr. Friend who treks regularly in the Himalayas, we decided on a 3 days / 2N mountain trek Manali to Bhrigu Lake at 14000 ft. As we read more about the trek, our excitement levels increased and so our preparation. A high level alpine lake, located at an elevation of around 4,300 metres, 20 km north of Manali.

This three-day trek gave us a good idea of what Himalayan treks offer – **meadows, glacial lakes and mountain views**. We had to carry our own haversack – Downs, woollens, caps, rain wear, toiletries, clothes for the 3 days. Weather 4Deg C to 28Deg C, rains ; can change in an hr we were told so pack accordingly with a light wt. 1Lt water bottle. 10kg weight on your shoulders no coolies! - a good Rucksack distributes the weight on our entire back through a built-in frame. Good Hiking shoes a must.

This three-day trek gave us a good idea of what Himalayan treks offer – **meadows, glacial lakes and mountain views**. We had to carry our own haversack – Downs, woollens, caps, rain wear, toiletries, clothes for the 3 days. Good Hiking shoes a must.

We were in for a surprise, In our group of 17 there were 7 young girl Doctors and 9 others together with 2 guides. Something with Dr's & Trekking ?! We both looked at each other. Age is just a number we recalled. Our group had an average age of 30yrs. We are a couple almost in 60's. Everyone is excited to take the challenge.

After a drive from old Manali to Kulang village at 6000ft. we started the climb to base camp Moridough 9500 ft. our halt for the night. At Kulang, local women were giving wooden sticks on hire. A must take which we did not understand why reqd. at first. A steep rocky climb was in store for us & the walking stick was blessing, making our way up the mountain through pristine forest of cedar, maple, oak and conifers, crossing few streams fresh drinking mineral water! It gave us an amazing experience, breathing fresh air and surrounded by nature.

A thing to remember during treks is to be aware of your body signal and not try to catchup with those in front but go at your own pace, if you go breathless, stop, take deep breathes and move. And as we go higher, air becomes thin with less oxygen and our respiration rate goes up and body loses water faster. So carry your own bottle and keep sipping water. Layering of clothes if trekking in cold weather – it became so hot during the day we had to remove the Down and woollen & tie it on our waist.

At last, we could catch the glimpse of our tents. Oh. what a relief !! It took us almost 8 hrs to reach our campsite with regular breaks in between to catch our breath.

The trek path

View from 7,000 ft on the way

Base camp Tents at 9000ft

We are in nature; at our tent site in the open. Horses and sheep grazing the grass. Early dinner before sundown as no electricity and after some fun at bonfire and gazing at the clear sky, it was time to hit the bed. Cold at night. A good flashlight another must, if need to go to the Toilet tent, but go in pairs we were told wild animals around !!

At dawn, we could hear the rustling sound of cows and sheep grazing outside our tent.

Next morning after an early breakfast we leave at 7am to climb 5000 ft to Bhriku lake 14000ft . which is a distance of 5kms or so one way. We climb to cross the dense silver oak tree-line for an hour and then continue on lush green alpine meadows. The trek is getting difficult, it's up and up, means more breaks to catch our breath. 4 hrs into the trek we come to a snowy terrain, mesmerizingly beautiful valley surrounded by glittering snowy mountains of the Dhauladhar Range, Hanuman Tibba in Pir Panjal, Manali Peak, and friendship peak. Suddenly, the weather changed, it became cloudy and windy. And we both decided to stay back and enjoy the surrounding. We were tired and only a 1 km away from the destination lake through a snow trek and decided to stop and rest. The surrounding was bliss, we spent 2-3 hrs just soaking in the beauty of the place & enjoyed our packed lunch which we shared with some wild Horses grazing there !

We wanted to share this moment with our loved ones and providence allowed us – cellphone was working at this height !. When our fellow trekkers joined us, they in fact told us we did wise thing of staying back and not forcing our way to the lake which was frozen. Not as in the pictures! and since they were so tired -we had to get back to the base camp down 5 km, they could not enjoy the surroundings.

It's the Journey that one must enjoy, not necessarily the Destination. It was mesmerising, just to sit.

We could see the vast expanse of lush greens and snow clad mountains Amazing!!

We learnt how difficult descending is but slowly and with support of our stick we could manage to come back to the base camp tents before sundown. A beautiful day comes to an end.

After a tiring day all slept well & were relaxed ready to descend. But hey, we had forgotten the rocks and boulders we climbed on 1st day. As we made our way down, descend was becoming difficult, we couldn't believe it was the same rocky path we travelled. Descend takes a toll on our knees and the big toes. By the time we reach Manali, we all had wobbly knees and exhausted, but it was an experience to remember for a lifetime.

To enter an alpine meadow in our country, one has to often spend at least a day or two trekking within the tree line. We are talking about two or three days of hard ascent. This is because most alpine meadows start at around 11,000 ft above the treeline. You must do the Bhriku Lake trek for its grasslands.

There is a list of items that you should always carry while you are on any trek. So, this list is not Bhriku Lake trek specific but for the treks. You need to bring these for sure when you are packing for your adventure.

- If you are supposed to bring the trekking gear, then you need to have a rucksack bag with an in-built rain cover. Then, have a day bag pack, head torch/light with extra batteries all the time.
- When you trek, you need to wear proper footwear. You need to wear skid-free, high ankle trekking water resistant shoes. They are very important because the shoes should not give any blisters.
- Wear quick-drying t-shirts or comfortable clothing. You can wear full sleeves shirts or sweatshirts for trekking.
- When you are high up on a mountain, it is your skin that goes dry in no time. Thus, there is a lot of requirements for sunblock creams because they help your skin never go dry. Also, you should consider having a lip balm and face moisturizer.
- Always carry glucose powder because that can give you instant energy. You can also carry nuts or chocolate bars that are easily carried. Do not bring any suitcases while you are coming to trek.
- Keep a down jacket, sweater, woollen trousers and rain gear
- Carry surgical tape, antiseptic cream, sun cream, etc.
- Toilet kit with a towel, toilet papers and soap
- Torches with extra batteries
- Pocketknife and winter duffel bag
- NO DISPOSABLE PLASTICS as no dustbins there.
