PAST EVENTS

The pandemic in the last two years & Government restrictions gave us an opportunity to adopt information technology & go digital. We held our annual Urs Majlis live on Zoom / Youtube for all to participate. We thank all volunteers involved and appreciate those Mumineens some who took out time from their busy schedules to attend the Majlis in person. Another first, during the COVID times in 2020 and subsequently 2021 was **Distribution of Niyaz** food packets by lunch time to all Khambhatis who had registered. In this herculean task we were ably helped by our volunteers who meticulously planned and executed the distribution and delivery of food packets to the concerned people from Colaba to Panvel and Dombivali, at pre-designated locations and those individuals who came to the distribution centre and collected the food packets. We thank all volunteers as it would not have been possible without their help.

ACCOMPLISHMENTS

During this year, to name a few we have undertaken the following the activities:

- 1) Collection and distribution of excess food from FMB and Jumats in Khambhat, to the needy.
- 2) Elderly care by our Khambhat Team.
- 3) Distribution of clothes and bedsheets to the needy in Khambhat through sponsors.
- 4) Scholarships to students.
- 5) Interacting with underprivileged students doing games activity and Dinner in Khambhat.
- 6) A one day fun filled Picnic to Karjat for Khambhatis so that old & new generation connect each other & it was great bonding time. Some met after many years, few came from Pune as well as a couple from USA who just came to meet old friends for few hours. We were blessed to be joined by a 90 yrs old member & other Sr Citizens.

This year we are publishing a section Khambati's Businesses and Enterprenuership of some families & individuals who have succeeded and endured over 3 generations and which we feel needs to be appreciated & told. We hope that it will inspire the younger generation to achieve more success & emulate it.

Like every year, this year also we shall be honoring a Girl & a Boy student with highest marks in the 10th std., Scholarships to deserving students who have sent in their application. Assessment is done by our Committee board members.

We earnestly urge all Khambhatis to come forward & feel the goodness by donating. 'Sharing is Caring'.

You can do so for:

- 1) Children's education as Scholarship Fund
- 2) Food distribution and Medical care to underprivileged & needy
- 3) Hoob Donation as well as for any other donation you want to give.

Letter Of Appreciation To Anjuman -E -Abdullah (Khambhat) Trust

To, Trustees, Anjuman-E-Abdullah (Khambat) Trust, Mumbai

Subject – Letter of thanks and gratitude for the scholarship granted.

Respected trustees,

I am thankful to the Anjuman-E-Abdullah (Khambhat) Trust, its Trustees and its donors for granting me the scholarship last year which helped me and my family support my education.

I am aware that the esteemed Trust runs on voluntary donations from generous donors who have been contributing over the past years wholeheartedly for the noble causes of the trust, one of which is granting of scholarships and I feel indebted to the Trust and its Donors.

Due to the covid pandemic raging in the last 2 years it was very difficult for my father to pay my engineering fees and the scholarship granted by the trust enabled me to continue my educational journey. In the upcoming semester, I scored a CGPA of 9.23, 9.68, 9.55, and 8.77, consistently falling in the top 10 percentile of my class. I wholeheartedly thank the trust with utmost gratitude for providing me with their constant support.

With the support of the trust, I started my own start-up in January 2022 called We-Moove working in the field of assistive technology through which I have been conferred with more than 50+ national and international awards from premier institutions such as various IIMs, IITs, NITs, BITS and a number of other universities. I extend my gratitude to all the members of the trust and their donors through which this was possible.

With that, I undertake to voluntarily donate to the Trust, as soon as I start my earnings so that my donation can again be brought to the scholarship fund pool for benefit of students in times to come.

I hope to receive further support from the trust and assure to meet their expectations through my educational and professional success.

Thanking You, Yours faithfully,

PURPOSE OF LIFE - IS IT ONLY HAPPINESS OR USEFULNESS?

(Contributed by Farida Kuresh Khambati [Solicitor Family])

For the longest time I thought that there was just one purpose of life and that was to be HAPPY. Right? Why else would one want to go through all the agony, discomfort and hardship? It is to achieve that contentedness and happiness. And I am confident that I am not the only person who believes this. I believe happiness is not a goal in itself. Infact, it is merely a by-product of usefulness. Life is meant for practicing benevolence and to constantly try to bridge that gap from Happiness to Usefulness. There could be several ways and means in which this gap could be filled.

For instance one could be privileged, educated and have the fortune of purse, providing financial aid to a less fortunate towards their education and helping them to become independent and self-sufficient would surely bridge the gap from mere happiness to true usefulness of life ultimately contributing to inner happiness. We strive hard and do everything to chase happiness.

- we buy something and we think that it makes us happy
- we hook up with people and think that's what happiness is all about
- we get a well-paying job which we at times don't like but still think that it will make us happy
- we go on a holiday and are delighted but at the end of the day we still ponder whether it is that what our goal in life is all about? and if not what's next in this endless pursuit of happiness?

As quoted "The purpose of life is not to be happy. It is to be useful, to be honourable, to be compassionate, to have it make some difference that you have lived and lived well." Coming in hand to meet the needs of the underprivileged really can make a difference in that person's life. It is always better to give them a hand up rather than a hand out. One of the quickest and most obvious ways to help them is to donate to charitable causes. Besides giving them moral support, showing heartfelt humility and respect makes them aware that someone really cares about them and are trying to improve their condition. To do useful things in our lifetime we don't have to change the world or do complex things. There is absolutely no requirement to always act or be an active participant. Just building a buzz or raising awareness of people around you who are in need would also bring in the idea of helping them to the forefront of people's vision and thoughts. If you care about them, you can be sure that other people do too. This would encourage and motivate others to come forward in this noble cause.

There is a Chinese saying that goes:" if you want happiness for an hour, take a nap. If you want happiness for a day, go fishing. If you want happiness for a year, inherit a fortune. If you want happiness for a lifetime, help somebody." For it is in giving that we receive, because giving gives you a purpose and when you have a purpose -driven life it makes living more happy, meaningful and useful.

Furthermore, blood donation is one other selfless act that helps save lives. If you are healthy and hearty, by donating blood, you are donating an irreplaceable gift and it feels absolutely immaculate knowing that you are helping to save lives. Likewise, feeding food to the hungry, clothing the needy and many so would make a useful purpose in one's life to another.

Anjuman-E-Abdullah (Khambat) Trust and it's trustees are committed and devoted in this noble cause of boosting and elevating the deprived and less privileged natives of Khambat, our Watan, and in this pursuit help us bridge the gap between "Happiness" to "Usefulness".

ENDURING FAMILY BUSINESSES & ENTREPRENEURSHIP OF KHAMBATIES

HAKIMI ENTERPRISES

HAKIMI ENTERPRISES started as a small business in 1983 and has achieved great heights and has built up into a successful business.

Late Shk. Yakubbhai Miyajiwala a resident of Mumbai wanted to start his own company, but those days real estate prices was really high so he along with his two sons migrated from Mumbai to Secunderabad in search of new business ideas. After identifying the preferences of their customers, market trends, cooperation and suggestions of Khambaty Entrepreneurs & well wishers they opened up their new shop of industrial hardware products in an industrial area in Hyderabad and catered to the local market and industries.

Late Shk Yakubhai's in-depth knowledge about setting up small businesses as well as his sons Shk Aziz bhai and Aliasgar bhai foresight in the expansion and modernisation of the company and infrastructure led to rapid growth of their company. The young brother duo in no time ruled the market and the industries around. Later with the dua and Raza mubarak of Aga Maula they opened up two new branches. Now there was a wider range of industrial products and they started whole sale along with their retail store. It was now time to decide how they could bring changes to their existing products and what measures they should take to expand their business further. This is when the third generation of young blood, Hakim and Mustafa after completing their graduation joined the business and played their role. They started by setting their goal, evaluated their resources, and sorted out the achievable goals. Their young and dynamic outlook towards their business and products helped them to retain current customers and also engaged potential customers. They had the ability to see the big picture and visualise what their success will look like tomorrow. Both of them placed their focus on the future and kept moving forward. The young generation bought in many new and important element for sustaining their business and elevating it to a level where every customer is a "satisfied customer". Their parents positive outlook towards their business and giving their children the freedom of choice as well as exposing then to every facet of business, involving them in the business from a young age and fostering and encouraging them and giving them the freedom to take risk and respecting their decision motivated their young minds to take up the family business.

Today **HAKIMI ENTERPRISES** stands strong upright ready to face all challenges, with three generation's united hands and minds and they believe that success cannot be earned overnight but is purely 90% of hardwork and the rest is blessings of parents and a dash of luck...!

JUMBO ENTERPRISES

Shk. Hakimuddin s/o FidaAli Javawala, started his business of hand and machine tools, measuring instruments and electrical portable machines, in Secunderabad in the year 1978, along with his elder brother Fakhruddin Javawala and younger brother Taiyeb Javawala in the name of M/S JUMBO ENTERPRISES who is also addressed as Jumbo . He has been into this business for the past 45 years and he gives the credit for his success to the following reasons:

Businesses gives you the chance to change the world and influence others. Kindness does the same thing, and with a single act you can influence countless others. Pairing kindness with your business can make for a powerful opportunity. Having a positive attitude in the workplace won't necessarily make you better in your business but it will improve the way people view you as a person, so they may be more inclined to help you succeed and cheer you on. Your business will grow faster if you help others grow theirs, and this has been his motive and he has succeeded in doing this by helping others not only to rehabilitate in *Secunderabad*, but also setting up of their business. This attitude of extending a helping hand to others should be adopted by one and all. Our income, is what most determines our lifestyle and it's more important than ever to be more mindful of it so you can be future ready.

A moderate person should spend 50% for his family lively hood to live with its present environment, 25% should be used for his commitments obligations towards Dawat, Jamaat and Society and remaining 25% towards savings for the future. He believes that saving his money in HUSAINI QARDAN HASANA not only helps him in saving his unused money but it also help his savings to be utilised by other mumineen and in return, he is be blessed with abundant success. He further revealed that WAJEBAAT played a vital role in their abundant success and their commitment towards Aqa Moula (TUS) bought an overall transformation not only in their lives but also in their thinking, which opened up other opportunities like the idea to venture in REAL ESTATE Business.

Investment in properties and leasing them is the safest option. Further he concludes by saying that money is an integral part of one's livelihood but one has to be really passionate about his family and relationships. Positivity is a key to success and conservative and an apprehensive nature are the hindrances.

Successful entrepreneurship involves taking risks. Countless entrepreneurs have taken risks to get their businesses to where they are now. Taking risks, however, does not mean going into business blindly and then expecting great results. Instead, successfully approaching risks requires careful planning and an underlying strategy for a secured future.

BAJERIA INDUSTRIES

Here is an extraordinary success story about a man whose empire was built not with smoke and mirrors, but with good old-fashioned elbow grease.

Late **M. Abdulrahim Bajeria**, a well know Khambaty and an entrepreneur who started **BAJERIA INDUSTRIES** in a small place in Mumbai and raised it into a flourishing company. His ambitious endeavour helped catapult Khambhat into a league of industrialized towns. He initially started his business in a small place in Mumbai, manufacturing railway components.

When ONGC set their sights on Khambhat, he decided that this was the perfect opportunity to start grow his business in Khambhat. In the year 1960, he laid the foundation of his factory in Khambhat with noted efficiency, improved labour and introduction of finer grade of products. After him the legacy was carried on by his 3 sons.

The second generation added new ideas to the company's portfolio and began manufacturing products for big box companies. Now the business sees the third generation of entrepreneurs embrace on demand and tailor made production orders which has crossed international waters. They take environmental friendly initiatives, expansion solutions and provide work opportunities all over.

Meet the **Bajeria Family** who started as a small manufacturer of railway components in the mid 20th century and are now a precision company, manufacturing wide range of multi electrical switch gears. It's all about entrepreneurship, and risk, and hard work, and knowing where you want to go and be willing to do what it takes to get there to turn your ideas into realities.

Dr. SAKINA BEHN S KHAMBATY

Dr. SAKINABHEN SAFDARBHAI KHAMBATY was born in the Kachwala family to Muslimbhai and Sarah bhen. She was born on 29th September 1946. Despite coming from a middle class family his father always supported his daughters towards getting educated. He always believed in giving his daughters the wealth of education rather than monetary wealth.

Sakinabhen initially received her education at the M T high school Khambhat. She has always been a bright student and accomplished many merits. She always dreamt of being a teacher. But seeing her talent and capabilities in school her teacher motivated her to become a doctor. With lot of hardwork and dedication she showed her capabilities by topping her 10th and 12th standard in Khambhat. She earned her scholarships and completed her 12th standard as well as medical studies on many scholarships from Yusuf Ali trust as well as non bohra trusts. She did her first two years in Surat Government College and final year in BJ medical, Ahmedabad. After getting her MBBS degree her first internship was in Ahmedabad for a years and the next 2 years she was appointed in the General hospital khambat. Dr Sakinabhen became the first Dawoodi Bohra woman to earn a medical degree in Khambhat. Later she had an ESIS job where she worked 10 years for 6 hours daily. She was married to Safdarbhai Khambaty and have two loving children *Huzaifa* & *Murtuza*.

Later she she decided to start her own practice and not work for any hospital. She was supported by her husband and her family without whom she would not have been able to balance both family and work. Today she cares for some of the most vulnerable people in Khambhat providing free medical care to people in need. She never thought of being paid for her services but overwhelming feeling was to help the patients in difficult times. She has always been empathetic sensitive and concern for people whether it is her family or her patients Nothing gives greater satisfaction than to see her patients and family members get well on the basis of her knowledge. She has contributed towards social services by conducting camps in rural area as well as she has been at peoples service at any time of the day or in middle of the night.

For her money has never been her priority as it is clearly seen by the minimal consultation fees she charges to her patients in today's competitive world. Most of the times, the gratitude and goodwill of the patients and their families are enough for her. Today both her children follow her footsteps towards charity and social work in their own way. She has been serving the society for the last 4 decades. She has always committed herself to the lives of other people and has worked on to eliminate disease & render well-being of the people and now It's time we, as a society, (Anjuman-e-Abdullah) pay honour to **Dr. Sakinabhen S. Khambaty** & present gratitude to all those contributions made by her selflessly.

"KHAMBHAT" - The place from where the Emaan spreaded in Hindustan

"Syedna Hatim(RA) has written that during the tenure of Imam Mustansir Billa(AS), Hind(The Indian sub-continent) was deprived of the knowledge of Ema'an. In Sind(Pakistan), Syedna Lamak Bin Malak Al Hamidi(RA) was educated by Syedi Moayed us-Shirazi. On the instructions of Imam Mustansir Billah (S.A) Maulai Abdullah (QR.), Maulai Ahmed (QR.) and Maulai Nooruddin (QR.) traveled to India from al- Qahera (Cairo).

Due to the onerous efforts of Maulai Abdullah (QR.), an entire sect in India converted to Ema'an. Syedi Khoj bin Malak (QR.) used to metaphorically mentioned that it was Maulai Abdullah (QR.) who initially sowed the seeds of Emaan in the lands of Gujarat, which is so rich in Ikhlas.

Syedi Abdul Qadir Hakimuddin (QR.) in praise of Maulai Abdullah (QR.) and Maulai Ahmed (QR.) asserted that the movement of Islam soared in India and Pakistan only due to the efforts of both these Sahibs.

On a number of occasions Maulai Abdullah (Q.R.) and Maulai Ahmed (Q.R.) showed miracles. One of the most famous being the elephant suspended in air by magnets. Due to these miracles of Allah and his messengers, the Vazir of Raja Jailing, Bharmal and his brother all embraced Islam. A large number of people too came into the fold of Islam. Raja Bharmal and Raja Tarmal strove very hard to bring Dawat to greater heights.

Maulai Bharmal (QR.) was blessed with Maulai Yaqub (QR.), Maulai Ishaq (QR.), and Maulai Ali (QR.), - the Wali of Hind in his progeny. Maulai Bharmal (QR.) is also the forefather of Duat Badriyan (R.A). Maulai Tarmal (QR.) is the forefather of Syedi Fakhruddin Shaheed (QS), Syedna Mohammed Ezzuddin (RA) and Syedna Tayeb Zainuddin (RA)(both).

Maulai Abdullah (Q.R.) on arriving in Khambat came across Kaka Akela (QR.) and Kaki Akela (QR.). It is mentioned in the pages of history that a well in the farm of Kaka Akela (QR.) and Kaki Akela (QR.) had dried up. Maulai Abdullah (QR.) performed a miracle and the dried well was full of water. Seeing this glory of Allah and his messenger, Kaka Akela (QR.) accompanied by Kaki Akela (QR) converted to Islam.

Laughter Yoga - Laugh your way to Good Health

When was the last time you had a hearty laugh with tears of joy rolling down your eyes? *Hmmm...thinking thinking..!*

Well, we all have attuned our laughter to conditions or reasoning. We think through our brain and decide should we laugh unlike the child who laughs through his body. As a child, we used to laugh hundreds of time in a day, but as adult, life tends to be more serious and with not many reasons to laugh, laughter becomes infrequent. Isn't it?

We all want health and happiness in our lives. But instead, we are more stressed, depressed, getting less sleep, thinking negative thoughts and feeling isolated.

Did you know Laughter can actually improve our health? Yes, It's True!!

Laughter acts as a good **social connector** and triggers **healthy physical and emotional changes** in the body. Laughter strengthens our immune system, enhances mood by releasing happy hormones Endorphins, oxygenates our body and brain, makes us feel more **energetic and healthier**, diminishes pain and helps **de-stress** ourselves. To reap the scientifically proven benefits of laughter, it has to come from the diaphragm and should be for at least 10 to 15 minutes.

But question is, how to laugh if we don't find anything funny? It's simple - just fake laughter, as research says our body cannot differentiate between fake or real laughter and we get the same benefits as real laughter. And that's what we do in **Laughter Yoga.** It is a unique concept, a combination of yogic breathing along with laughter exercise, creates a fun laughter environment with childlike playfulness. Yogic breathing says our exhalation has to be more than inhalation. We Inhale through nose with stomach moving out and exhale through pursed lips by tightening our stomach muscles in.

Sharing a few EXERCISE that we all can do at HOME -

- 1. 30 Seconds Laughter: Laugh non-stop for 30 sec by pulling your stomach in.
- 2. Breath Holding Technique: Inhale deeply as you raise your arms over your head and hold your breath while stretching the spine backwards. Burst out laughing when you can't hold your breath any longer. This builds up pressure inside the lungs and facilitates the laughter.
- 3. Laughter Humming: Breath through the nose and laugh as you hum, mouth closed. Play with the pitch, up and down the scale, feeling the vibrations resonate through your body.

I will be happy to help your good selves practice this art, feel joyful & bring the child alive within you. *You may connect with me on 9820849415.*

Dr. Adnan F Chhatriwala
Oral & Maxillofacial Surgeon

I come from a doctor's family, since childhood my dream was to become a surgeon like my grandfather

Dr. Fazal Abbas F Chhatriwala.

He was and always will be my role model. Seeing him operate so skilfully, I knew I wanted to become a surgeon like him.

After my graduation I stared my journey towards becoming a Maxillofacial surgeon.

Completed my BDS from MGM Dental College & Hospital, Mumbai. Continuing my post graduation in the field of oral and maxillofacial surgery from DY Patil University, Pune.

The field of OMFS has always been the bridge between medicine and dentistry and it has only grown to include the diagnosis and treatment of diseases affecting the mouth, jaws, face, and neck under its spectrum.

The scope thus is extensive.

With Best Compliments from

Dr BURHANUDDIN F CHHATRIWALA

Since a young age I was exposed to surgery and I knew then and there that I was born for it. I completed my MBBS from Smt. Kashibai Navale Medical College, and currently pursuing orthopedics in Sion govt hospital.

Orthopedics is a core surgical subject, and I wish to master it.

I graduated MBBS in top 15 out of a batch of 200

and my all India rank for NEET of was 436

out of avg 1,80,000 applicants.
